Embroidery Couching Foot Set

The Embroidery Couching Foot Set includes 2 feet for using different yarn weights, a yarn guide arm that attaches to the extra spool pin hole on the top of the machine, plus instructions on How-to-use this foot set. The 2 feet have different size holes to accommodate using light to medium weigh yarns or wool. The yarn is easy to thread through the foot, as they have a open-toe with a plate design, simply slide the yarn under the plate. In the above image the green dot simulates the yarn. Add couching to your embroidery projects, to capture that lush and ornate style.

Note: When you purchase this accessory, you have access to download free embroidery couching designs.

This Accessory of the Month has a bonus project using the Embroidery Couching Foot Set.
