

# JANOME

## Accessory of the Month

July 2021

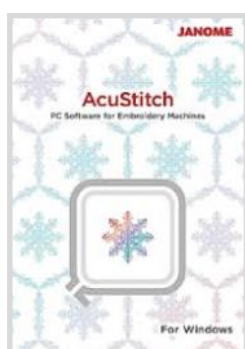

### AcuStitch Software

Decorative stitching in the hoop, with your embroidery machine. This AcuStitch software has an array of various stitches, template shapes and fonts, giving you the creative freedom to make your own unique stitchery.

17 Creative Shapes ♦ 117 Stitch Patterns (Applique 8, Decorative 30, Heirloom 23, Long 7, Pictograph 13, Play 3, Quilt 33)  
♦ 11 Fonts + 3 Cyrillic Fonts (*able to arc, space, resize, rotate, centre, corner layout, copy, paste*) ♦ 46 Border Design Stitches within Fonts ♦ 102 Normal Sew Stitches within Fonts ♦ 2 Letter and 3 Letter Monogramming ♦ Selection of Hoops for selected embroidery machine ♦ Editing – resize, copy, paste, rotate, flip horizontal/vertical, colour change, lettering (arc & spacing), centre design, corner layout ♦ Change background grid from 1mm to 30mm ♦ Able to import embroidery designs ♦ Save Designs to USB Key for stitching out on embroidery machine.

This Accessory of the Month has a bonus project using the AcuStitch Software.
