

# CoverPro 3000 Professional

## The new benchmark in cover stitch machines

FOR IMMEDIATE RELEASE

**JANOME AUSTRALIA WEDNESDAY JULY 21, 2021:** Janome, a leading innovator and global leader in sewing machines today announced the launch of a new cover stitch machine, the CoverPro 3000 Professional.

As the successor of the highly celebrated CoverPro 2000CPX, the new and improved model boasts exceptional capabilities such as the Top Cover Stitching with the choice of triple top cover stitch, narrow 3mm stitches or wide 6mm stitches. The Top Cover Stitch Guide with spreader is built-in and the Fine Mode Switching Lever changes machine settings to sew lightweight fabrics, both of which are industry first. Additional user-friendly features to include built-in needle threader, retractable sewing light for improved visibility and thread chain off at the end of stitching.

These features combined with the heavy-duty professional design will redefine the sewing experience for users, allowing them to be more creative, productive, and precise.

Hiroshi Ikuta, Managing Director of Janome Australia said, “The CoverPro 3000 Professional is a genuine step up in terms of technology and innovation. We are confident we have created our best professional cover stitch machine with industrial precision, durability and quality, whilst incorporating all of the great features which Janome customers have come to love.”

The CoverPro 3000 Professional will be available from August 2021 in Australia. Contact your local Janome retailer to learn more about the new product or to book a time to preview the machine in person. Visit [www.janome.com.au](http://www.janome.com.au) for further information and to locate your local Janome stockist.

### About Janome

Originating from Japan with a world-renowned reputation for excellence, Janome has been designing and manufacturing sewing machines for a hundred years. The name “Janome” was adopted in 1935 and means “Snake Eyes” in Japanese: the bobbin that was used back then was an unprecedented round metal bobbin system resembling a snake’s eyes. Since those early days, Janome has established itself as a leader in the sewing machine industry, with a focus on continuous product improvement and exciting innovation. Today, Janome employs over 3,500 people, and has operations in over 100 countries worldwide.
