Embroidery Couching Foot SET

Change-up your embroidery, to a lush ornate style by using yarn/wool, giving a very defined 3D look to your embroidery. The Embroidery Couching Foot SET includes a yarn guide arm which attaches to the spare spool pin hole on the machine, yarn guides, 2 feet with different size holes to accommodate for light to medium weight yarns/wool. The yarn is easily threaded into the foot via an opening sliding plate. Add couching to your embroidery projects, to enrich the style.

How to make good couched embroidery

- * Recommended embroidery speed is 400spm
- * Use firmly twisted yarn
- * Use the same or similar coloured thread and yarn
- * Do not use the single color sewing key in the editing mode for embroidery couching designs
- * Guide the yarn gently while embroidering
- * Rainbow color yarns create an interesting effect
