

JANOME

Accessory of the Month

July 2023

Edge Guide Foot

The Janome Edge Guide Foot is a very versatile foot. Having an adjustable edge guide on the right side of the foot, plus there are markings across the foot. The guide of this foot aligns to the fabric edge or along seams, so that neatly parallel edge stitching and topstitching can be achieved with ease. Adjust the guide by turning the screw to match the fabric edge or the seam precisely, to the width you require. This foot is available for our 9mm and 7mm models.

Use this foot for straight stitch or decorative edge topstitching, tucks, peepers, ribbons, trims, seam topstitching, for all your topstitching needs. A great foot to have in your accessory box.

This Accessory of the Month has a bonus embroidery project.
